

**Attorney's Docket No. RA-5425**  
**Request for Continuing Examination**

**Serial No. 10/028,152**  
**December 28, 2005**

**In the Specification:**

Please amend the Specification as follows:

Modify the sentence bridging lines 23 and 24 of page 3 as follows:

"It is assumed that ~~he~~ the user has already created a spreadsheet file, which will be used, but if not, the user can build one."

Modify the sentence bridging lines 25 – 27 of page 16 as follows:

"Finally, the appearance of the word "END" in a first column at the top of Fig. ~~6E~~ 8E indicates that any data following that is to be ignored and that the TPlot routine has completed its work with respect to this .xls spreadsheet file."
